INVITATION LETTER

Dear Jing Yuan,

We are glad to invite you to be in Naxos Island, Greece from 10th June 2018 to 17th June 2018 in order to participate in the NAXOS 2018 6th International Conference on Sustainable Solid Waste Management that will be held in Naxos Island, Greece (<http://www.naxos2018.uest.gr>) and present the paper with title: **“Effects of aeration method, aeration rate and turning frequency on bio-drying performance of municipal solid waste”** that has been accepted for **oral presentation** by the NAXOS 2018 Scientific Committee. The conference is characterized by high academic standards and the indicative topics of interest include:

- Source separation schemes for solid waste
- Biological treatment techniques (composting & anaerobic digestion)
- Recycling
- EU policies and strategies for solid waste management
- Solid waste prevention techniques
- Socio-economic issues related to solid waste management
- Household solid waste treatment technologies
- Household solid waste collection techniques
- Integrated management in islands & other isolated areas
- Characterization of waste residues
- Energy from Waste (biomass, oil sludge, syngas, etc.)
- Decision support tools in the waste management field
- Management of specific waste streams

The full papers will be included in the conference proceedings. The certification is provided in order to issue your visa.

On behalf of the conference organizers

Maria Loizidou

NTUA Professor

Chair of the NAXOS 2018 Scientific Committee
